**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are currently with SONIC and we are very pleased with their service and the speed of the internet service.

Previously we were with AT&T. Their service was poor and the internet speed was unacceptable. The fastest speed we had was 2.7MBps and often it was at dialup speed. Calling AT&T was a total waste of time. SONIC service has been first rate from the installation date to now. Since I work from home, it is absolutely essential that I have good internet service. I don't want to be pushed back into the dark ages. It is good to have options to select better service and faster internet speed. SONIC has vastly improved our quality of life and we don't want our service to be disrupted.

Sincerely,

Gleb Belonogoff
